Homework_9

R06521535 楊士寬

N = 300 & K = 3

   (1) weak form

      --- Model generation time: 0.708999872208 seconds ---

      --- Model solution time: 123.42200017 seconds ---

   (2) strong form

      --- Model generation time: 1.75100016594 seconds ---

      --- Model solution time: 236.802999973 seconds ---

The Model generation time is same with last homework. The time of strong form is longer the time of weak form. But the Model solution time in strong form is twice as much its in weak form.
